## VINTAGE 2019

The 2019 season turned into one of the most challenging seen for many years. Late winter rainfall assisted with replenishing poor soil moisture levels prior to budburst, but variable weather early in the season impacted on the timing of bud-burst and led to the first challenge to evenness of shoot length. Strong storms in late spring provided some leaf and fruit damage but overall rainfall was low and continued that way for the balance of the season.

Flowering commenced with ideal conditions but several weeks of inclement weather events at this critical time deferred the later flowering vines even further. Fruit set was average in the whites.

An extreme heat event in January wreaked havoc with the fruit.

The lack of rainfall late in the season allowed the fruit to be hung out until flavour ripeness caught up to physiological maturity. The resulting wines are very strong with great colour and intensity, although yields are much reduced.

## TASTING NOTES

Our white varieties flourish in the cooler summer weather we enjoy at Currency Creek and aided by the skill of our vignerons, none more so than our Sauvignon Blanc.

Aromas of tropical fruit, a zesty, fresh palate and a crisp, clean finish make it one to savour.
