## VINTAGE 2021

Ideal Mediterranean winter rainfall and then cooler than average summer conditions resulted in a well-balanced vintage for the Currency Creek Wine Region in 2021. Yields were 5-20% above expected estimates.

Strong winds and rain showers during flowering saw a degree of variation in fruit set in some varieties. White varieties benefited from some early cooler climatic conditions and the maritime influence of Currency Creek, resulting in excellent quality, good fruit ripeness and naturally balanced acidity.

The March and April temperatures continued to be below average with unusually low night-time temperatures. No significant summer ripening rainfall or disease pressure was experienced.

## TASTING NOTES

Our white varieties flourish in the cooler summer weather we enjoy at Currency Creek and aided by the skill of our vignerons, none more so than our Sauvignon Blanc.

Aromas of tropical fruit, a zesty, fresh palate and a crisp, clean finish make it one to savour.
