

The skilled stonemasons who built many of South Australia's finest buildings and indeed some around our own vineyards, each had their own signature by way of a mason's mark.

The symbols on our Stonemason range are a tribute to their skill and diversity and appropriate recognition of this time honored craft.

VINTAGE

Vintage 2019 was judged highly successful for both grape growers, who had above average crops with minimal faults and wine makers who had the ability to pick fruit as they required during an extended autumn.

Winter weather conditions help set up the early growth of vines with above average rainfall leading to full soil profiles.

Spring was also significantly wetter than average.

Harvest began later with very few vineyards picked in February, with picking continuing into late April.

Autumn continued to be warm and dry through early April allowing a successful harvest.
