

The skilled stonemasons who built many of South Australia's finest buildings and indeed some around our own vineyards, each had their own signature by way of a mason's mark.

The symbols on our Stonemason range are a tribute to their skill and diversity and appropriate recognition of this time honoured craft.

VINTAGE 2015

The early winter in 2014 was wetter than usual which resulted in good spring growth; however, late winter 2014 to early January 2015 was very dry with slightly above average temperatures. Vineyards required some supplementary irrigation.

Flowering started early and was prolonged over some weeks, with very little disease pressure. Set was quite good but most varieties showed low numbers of small bunches.

Veraison commenced in the expected timeframe, but rapidly progressed with a mini heatwave early January. Some subsequent rainfall and cool nights started a cooler ripening period which retained good acidity in the whites.
