

*In the days when ballast stone was an important feature of some of Australia's most iconic buildings, the daring Steeplejacks played a crucial role in their construction and maintenance. As skilled craftsmen, they completed the most difficult work on the highest towers, oblivious to vertigo, gravity and mortality.*

## VINTAGE

The early summer remained cool, with above average shower activity which had some impact on fruit set, and resulting yield, ranging from minimal impact on white varieties, some impact on shiraz, to significant impact on some cabernet sauvignon blocks. The cooler moist weather continued until December when strong, intermittent, hot northerly winds persisted through out the region. This was immediately followed by significant rain and a return to cooler vintage, enabling the harvest of whites in mid February and reds completed by April. 2020 district yields remained variable between varieties and blocks, but in general were less than in previous averages.

ALCOHOL	12.5%
REGION	South Australia
COMPOSITION	Sauvignon Blanc 100%
pH	3.21
TA	6.84

## TASTING NOTES

We make our Steeple Jack wines with nothing but the fruit in mind and this wine epitomizes our approach to cool climate Sauvignon Blanc.

A refreshing burst of tropical fruit, followed by a clean, crisp finish.

**STEEPLE JACK**  
**Sauvignon Blanc**  
**2020**
